PostADA / PostENDO

Dear colleagues and friends

It is with great pleasure that we welcome you to the 21th postADA / postENDO - Symposium, which will take place this year in the Kongresszentrum Kursaal in Bern –on site hopefully!

After 20 meetings successfully organized by Peter Diem and François Pralong, Giacomo Gastaldi (Geneva) and myself have taken over the task to organize this event. As before half a day will be devoted to topics related to the ADA Congress and half a day to the ENDO Congress. However, in order to promote younger endocrinologists, senior Swiss endocrinologists were asked to suggest a junior member of his/her division and to coach him for the presentation of a given topic. In addition, at the end of each half day the contributions of members of the SGED/SSED at the ENDO and ADA are summarized by the organizers.

As usual the presentations will be held in German or French with simultaneous translation into the other language.

We hope that you find these slight modifications interesting and looking forward to seeing you in Bern

Prof. Dr. med. et phil. Emanuel Christ
Basle

Dr. med. Giacomo Gastaldi
Geneva

ENDOCRINOLOGY
